Projects

About our upcoming March 14, 2020 meeting from Bonnie:

Our program for this meeting had to be changed because of a conflict of schedules. Shayne Garcia's mother will not be able to present but she has graciously provided an alternative program for us. It is entitled "Days for Girls." I have included a brief description and hope it will encourage you to send in your reservations and bring along some friends as well. After all, we are women and have experienced the "monthly visitor." This presentation will focus on how we can help young girls.

Additionally, we have the opportunity to contribute to this outreach. The following items listed are acceptable. You may also do a Google search to "find out more about it."

- Hotel bars of soap
- Wash cloths
- Girl's brief cotton undies size 10, 12, or 14
- 100 percent cotton fabric – medium to dark colors
- 100 flannel fabric - medium to dark colors
- Thread cotton/ polyester grey or anything dark
- Serger thread also medium to dark colors

How It All Began: Days for Girls began in 2008 when Founder and CEO Celeste Mergens was working with a family foundation in the outskirts of Nairobi, Kenya where she began assisting an orphanage. In the wake of historic post-election violence, the population at the orphanage had swelled from 400 children to 1,400. As she was getting prepared to return to Nairobi, Celeste went to bed with the devastating situation weighing heavy on her mind. In the middle of the night, she woke up with a nagging question: "What are girls doing for feminine hygiene?" Seeking an answer, she ran to the computer and sent an email to the Assistant Director of the orphanage. He replied right away, "Nothing. They wait in their rooms." Today, Days for Girls has reached more than one million women and girls in 125+ countries with DfG Kits and menstrual health education.
