

1. Co-Presidents Diving into Chapter Work. Daryl Richards and Mary Moyer have been quite busy with Beta Iota Chapter business over the summer. In June, the ladies were busy organizing our committee chairpersons and placing members on the various committees. By the end of June, it was time for the Executive Board to meet. Daryl was working with her church in organizing our meeting (masks of course) to confront the challenges that are facing us all. Several of the committees have been carrying on with their duties, meeting and keeping the chapter rolling along. Thank you all for your work and support. Please check what's up with the committee chairpersons' reports on a separate attachment so you are aware of what .

June and July had Leadership Training by way of Zoom, covering 8 evening sessions, from the state President Eileen Little and several guest presenters. We learned how to prioritize and "Juggle Elephants" in our daily three-ring circus. Many good suggestions were discussed to help us accomplish our duties and also to direct members of our respective chapters. We hope to pass along that information to you at various times.

2. First Meeting of the Biennium After polling and taking into account Gov. Wolfe's mandate, we are making arrangements to meet by way of Zoom. We will be able to reach more members this way rather than having it at a restaurant. Several members had concerns about meeting in a public place. Tuesday, September 15 is the date and 6:30 p.m. is the time. Our program(s) for this first Zoom meeting will be a standard business section, initiation of new officers, recognition given to our two 40-year members, and presentation of the Outstanding Woman Educator. Information will be coming on how to get on Zoom (it really is very easy).

3. The Finance Committee Under the direction of Barbara Neff, the Finance Committee has a proposed budget for the 2020-21 year for you to review and will be presented in the business section of our meeting. Please take time to look it over and note any questions you may have ahead of time so we can proceed with our meeting. It is included as an additional attachment.

4. Future Meetings to Be Shortened. All committees should have a report that the chairperson will send to Mary Moyer for posting and then we will be able to only ask for corrections, take questions, and ask for any discussion on the points that will be presented to you. We feel the committee work can be reviewed ahead of time and corrected or approved where needed in short order as directed by the President in charge of the meeting. Hopefully this will keep the meetings moving so more time can be afforded to the Programs and New Business.

We will be trying to shorten the meetings and have set up the committee reports to be summarized by attachment on email notice so you will have a chance to see what the chapter is working on.

New Officers to be Initiated:

Officers	
Co-Pres.	Daryl Richards
Co-Pres.	Mary Moyer
First V. Pres.	Rita Acri
Second V. P.	Dottie Oliver

Wed., Sept. 15 6:00 place and program TBA

The Keystonian The summer edition of The Keystonian has a nice article from the Projects Committee on Beta Iota's Blanket & Books Project. You'll find it on page 16 and just look at those wonderful people working and enjoying the Head Start children. Thank you all who helped with the work and the delivery to those smiling faces.
