Opportunities ABOUND

Tracey Dusch, President
PA State Organization

As I sit at my desk reviewing all the opportunities scheduled for our PA State Organization, I find myself asking, "Will we have time to do it all?" Our DKG Train is fully loaded and ready to pull out of the station for its **2016 Journey**. Boarding tickets are ready, schedules are set, and decisions need to be made. As DKG Members, we have the chance to participate in the many opportunities offered onboard the train. Planning is important so I've comprised a list for you to consider. How many tickets will you need for your journey?

all levels of the Society. She was a keynote speaker at the 2005 SERC and has facilitated the Advanced Leadership Seminar three times in her home state of Tennessee.

Serving as a special education advocate has been Becky's passion. Her career includes serving as a classroom teacher, a reading specialist, a Lead Teacher for the Memphis City Schools, an Adjunct Professor at the University of Memphis, and a special education specialist and educational consultant for Shelby County Schools, as well as head of the School of Education at Lambuth University.

Association of the Gifted and was a keynote presenter at the Tennessee Legal Education Conference on Special Education. She received the Jo Patterson Award in Gifted Education in Tennessee in 1996.

Married to her college sweetheart for 46 years, Becky has two grown children and enjoys spending as much time as possible with her four granddaughters. She is active in her church as well as in her community.

A "lifelong learner," Becky often refers to one of her favorite quotes from C.S. Lewis – "You are never too old to set another goal or to dream a new dream."

(Ideas from page 1) **Need an idea for your chapter? Borrow one of these.**

I. Establishing a Little Free Library

The Little Free Library is our adopted state project for this biennium. **Nu Chapter** is working with students and teachers at the Lebanon County Career and Technology School's woodworking department to build little libraries. The goal is to have one provided by Delta Kappa Gamma in each of the six school districts in Lebanon County. The graphic arts department will design and paint the outside.

Alpha Theta members will support one of their chapter members who has written for a grant to build a **Little Free Library**.

II. Adopting a school or community library

Sigma Chapter donates to a school library in a five-county region. The school librarian chooses the books that are needed.

Beta Pi is adopting the Upper Merion Middle School Library by donating books on women leaders who reflect diversity. The chapter is allotting \$200 this biennium to the project.

III. Continuing Established Chapter Projects

Beta Epsilon completed a *Preschool Book Trunk Project* where books, lesson plans, and supplies were given to public preschools in Cambria and Somerset counties. Two trunks were donated to **Head Start An Early**

Educator Project had chapter members creating bulletin boards for new teachers in the Conemaugh Township School District. Six new teachers were the lucky recipients of these bulletin board supplies. In partnership with PSEA Central Region (PSEA donated the books) members created *Library*

Story Time Kits. The kits centered on a Disney Thumper theme. Activities were created and supplies donated to six public libraries in Blair and Cambria Counties. There is no slowing down for this chapter as they completed their annual *Backpacks for Kids Project*. One hundred thirty-six filled backpacks were donated to students in Blair, Cambria, and Somerset Counties. Read about more projects in future issues of *The Keystonean* and hear more at State Convention.

Collecting new and gently used books and donating them to organizations is one of **Kappa Chapter's** projects. Kappa also sends money to *Project Shore* and raises funds by selling BonTon booklets for their two grant-in-aid recipients.

Beta Mu supports the *Afafanto Project* designed to educate and empower women in northern Ghana. This chapter also supports "Mom's House." This is a non-profit organization that provides education and quality daycare to young, single women who want to finish their education. Beta Mu is donating \$1000 to educate the children attending the daycare.

Alpha Kappa conducts a flea market/yard sale to raise money for their grants in aid. This chapter also fills 40 plastic shoeboxes with personal care items for children ages 4-14. The boxes are distributed at local food pantries and shelters for needy families. With community and chapter support, one of Alpha Kappa's members has collected several hundred books for the elementary libraries in her school district.

IV. Supporting Schools for Africa & Early Career Educators

Beta Pi contributes \$100 annually to the *Schools for Africa Project*. To support *Early Career Educators*, these sisters prepare a packet of information about DKG and Beta Pi. Included are invitations to chapter programs and a \$25 gift card to Staples or a local teachers' store. These packets are distributed to new women teachers. Beta Pi budgets \$200 for this project annually.

Beta Beta Chapter donates to *Schools for Africa* by holding a book swap with four other chapters. This chapter also collects and compiles a booklet with ways a new teacher can reduce stress for herself and within her classroom. Book chats are held to promote reading interest within the chapter. Another project this chapter participates in is placing books in libraries in memory of deceased chapter members. These are given to the school where the teacher taught.

proceeds help defray convention costs. You need not be present to win. There are appropriate times to put your tickets in for the raffle when meetings are not going on.

> Speaking of raffle baskets. . .when your chapters are putting together your basket for the raffle, please keep 2 things in mind: (1) no alcohol or gift certificates for alcohol may be placed in any basket and (2) winners may be traveling

home with a full car already and may not have the room for a huge basket.

> Chapter focus tables will be displayed in the Atrium on Saturday only. This is a change from previous years. They should be up by 7 a.m. Saturday morning and should be down by 4 p.m. Saturday afternoon.

> A First-Timers' session will be held Friday evening. This

Second Vice President/Membership Chairman

What is new in your chapter? Have you initiated any new members? Did they join a chapter committee and are you helping them experience all the benefits of a DKG membership?

DKG, an International Society for **Key Women Educators**, provides opportunities for personal and professional growth. These may include contact with speakers on current topics, involvement in community and global projects, leadership semi-

nars, opportunities to present or publish in a professional journal, scholarships for graduate study, funding for professional development and educational projects... just to name a few.

Has your chapter train moved on to the next station? Are you planning your trip to State Convention? Please try to encourage a member, who may have never attended our Convention, to come. A DKG sister whose membership is 5 years or less and/or is new to attending State Convention

will be invited to breakfast with our State officers. This New Member Network will be on Saturday morning. What a great way to meet other "new" members and experience State Convention!

Chapter Membership Chairs should plan to attend the workshop Saturday morning to help you grow membership in your chapter. This will be great time to network with other Chapter Membership Chairs. See you June 10 -12 at Convention!

Pressing for Change

By Susan Fritz

US Forum/Educational Excellence Legislative Chair

200 plus days... I did not think the "Budget Impasse" would still be news with the spring newsletter going to press and 2016 well underway. How many of you have pondered over these past several months, as have I, what would happen if you or I were more than two hundred days late in completing an important task with wide-ranging implications for the health and welfare of our charges? I suspect we would be highly anxious about our failure and the probable consequence of losing our job. My question: why are members of the State government responsible for passing a budget not worried about their jobs? Is it because no one is pressuring them to complete this essential task for which they alone

are responsible? **The budget matters.** There seems to be less publicity about the lack of a budget but that does not mean the consequences do not continue to accrue. Please make your voices heard: Pennsylvanians need a budget. _____

CTAUN (Committee on Teaching About the United Nations). The Conference at the United Nations – *Stewardship for a Sustainable World: Education in the SDGs* - was held on January 22, 2016 at the United Nations Headquarters in New York City. Among the 525 attendees were a large number of DKG sisters, including 2014-2016 International President Dr. Lyn Schmid, Executive Director Sandra Smith Bull, and Membership Services Admin-

istrator Nita R. Scott, hailing in from Austin, Texas. For the second time in three years a Pennsylvania sister was a *Best Practices Award Winner*. Inspired by a project by Lisa Fernandez, Elementary School Counselor in the Warrior Run School District, Ms. Elizabeth Brewer (Sigma Chapter), created a counseling lesson called "Scattering Seeds of Peace." This lesson culminated in students and families sending 562 messages to UN Peacekeepers around the world and the sharing of "recipes for peace" with Ms Fernandez's class in Brooklyn, New York.

The 17 SDGs (Sustainable Development Goals) and the 169 targets that provide an action plan (see Change page 7)

It's that time again! It is time to look at and review budgets for next year. The Finance Committee will be putting together next year's budget at our meeting on April 30, 2016. All committee chairs should submit their budget requests for the 2016 – 2017 year to me by **April 1, 2016** to ensure that all requests will be properly accounted for. If I do not receive a budget request from your committee, I will assume that you are satisfied with your current level of funding.

for meeting the goals are detailed in Transforming Our World: The 2030 Agenda for Sustainable Development. Ambassador David Donoghue, Permanent Representative of Ireland and Co-Facilitator of the Intergovernmental Consultative Process for the SDGs, described the goals as aspirational and as having three dimensions: economic, social, and environmental. The 17 SDGs are based on the 5 P's of People, Planet, Prosperity, Peace, and Partnership. Agreed to at a signing ceremony at UN Headquarters by 193 Heads of State on September 25, 2015, the SDGs are broad enough that every country has some distance to move forward for every target. Symbolizing the need to energize youth to invest in the attainment of this worldwide agenda, 200 young people joined the Heads of State at the signing ceremony. Among one of many remarkable aspects of the SDGs is the call to action and importance of involvement at all levels of community. The SDGs invite international and governmental cooperation as well as commitment from businesses and individuals.

Two panels, Ending Hunger and Taking Care of the Earth, and a roundtable, Committing to the SDGs, provided multiple speakers on these topics and

expanded on the work needed in the respective goals. Even a brief description of each presenter is beyond the scope of this article, however, I would like to highlight a few comments and statistics I found particularly noteworthy and stunning:

- ~~ *1 in 9 people are undernourished.*
- ~~ *165 million children are stunted due to lack of adequate nutrition.*
- ~~ *One third of the food supply (1.3 billion tons) goes to waste every year.*
- ~~ *All countries have the resources to feed their people.*
- ~~ *Food insufficiency is a matter of distribution and politics, not supply and demand.*
- ~~ *Conflict is development in reverse.*
- ~~ *The Global Hunger Index reports a 300% increase in food insecurity in areas of conflict or war.*
- ~~ *The number of people living in extreme poverty has been cut in half since 1990.*

One of the reasons I appreciate CTAUN is the detail with which the problems are defined. Another reason I appreciate CTAUN is the hope it provides for solving the problems. The re-

sources discussed in that one day could take days to fully research and exhaust. The good news is that any individual taking one step forward on a SDG moves us closer to the better world for all we strive to achieve.

What can you do? Visit www.TeachUN.ORG for ideas and curricula. Introduce the concept of the SDGs to your class. Inspire your students to adopt them and add their unique response to having a better world. Tackle a project on your own.

The final event of the day was the presentation of "The Future She Deserves" by the *GIRL Be Heard* Theater Group. Through song, movement, and verse written by the girls themselves, this theater group provides a forum for voicing concerns and realities from the lives of young women. The piece, "The Summer the Bees Disappeared", described the loss and destruction of nature and community, both social and physical, from oil drilling. "A Bagel for Emily" highlighted the reality of being in need while living within the realm of those who have much more than enough. The performances were heart-rending, poignant, inspiring, and beautiful. A perfect punctuation to a day that presented challenges but also the path to a better future.

SAN ANTONIO EXPERIENCE Deborah Ceraso, Alpha Theta

The stars were most definitely in alignment above the “Lone Star” state this past December as I spent an unforgettable week in San Antonio, Texas!

Even our hotel itself (the former National Alamo Bank) was a historical site,

perched above the River Walk in all its stained glass and golden glory. The weather was a balmy 65-70 degrees with blue skies and unlimited sunshine every day.

After settling into our amazing hotel, my husband and I headed out to an authentic bar-b-que for lunch then on to the San Fernando Cathedral, the oldest cathedral in the United States. Buried here are the re-

mains of Davy Crockett, William Travis, and Jim Bowie. We also attended mass there on Sunday. Next, we walked to “La Villita” and met many of the artisans working on their creations of silver jewelry, pottery, and leather. We ended the day strolling along the River Walk, taking in the beauty of the Christmas lights and the luminarias that lined the walk-

ways. The air was filled with carolers riding by in their boats, spreading holiday cheer!

Day 2 began with a riverboat tour and our own self-guided tour through the Spanish Governor’s Palace, dating back to 1722. The Historic Market was nearby so we immersed ourselves in the Mexican culture, with vendors selling their wares and churros, and a Ballet Folklorico performance in the main plaza of the market. We had a wonderful Mexican dinner at “Mi Tierra” with entertainment from a Mexican Elvis.

My main interest for this trip were the missions but the local tours only went to the 2 largest ones. After some investigating at the visitors’ center, we located a local historian who took us on a private half day tour to all the missions I wanted to see: the missions of San Juan, Concepcion, Espada and San Jose. We were also able to walk to the acequia and the dam, to better understand the water system and the geography of the land.

To round out day 3, we took a 2-hour walking tour of the Alamo.

The next day we walked to Hemisfair Park and went up to the observatory in the Tower of the Americas, took

numerous photographs and watched the 4D movie, “Skies Over Texas.” A stone’s throw from the tower was the Institute of Texas Cultures where we spent the remainder of the day learning about the variety of ethnic groups in the San Antonio region and their contributions to the city. After dinner, we made our way back to Alamo Square to enjoy the holiday lights and see the giant Christmas tree dedicated to the San Antonio Spurs.

The morning of Day 5 was spent strolling through King William District, touring the Gunther House (Grist Mill) and enjoyed the gingerbread house display, created with 100 lbs. of candy after 200 hours of work. We toured several mansions in the area and learned the history of the German entrepreneurs in this district. After an additional visit to the local art gallery, we headed back to the River Walk for lunch. In the late afternoon, we returned to the University of Texas Culture Center to see the Mexican Trees of Life Exhibit, an unexpected gift of original Mexican Olmec art!

Our day of departure was also the day of the San Antonio marathon! Fortunately, our flight was later in the day, so none of the detours applied to us. We were able to enjoy watching the runners pass by, as we walked back to “La Villita” to purchase some last minute souvenirs and gifts.

San Antonio is so much richer in history, architecture, and culture than I even imagined. I am extremely grateful to Alpha Alpha State for helping me realize a lifetime dream. Thank you so much for a wonderful trip that I will always remember!

A HEAVENLY HARP EXPERIENCE by Phyllis Howard

Imagine a room filled with almost 60 folk harps all playing hymns with 6-note chords!! That was the scene of just one of the workshops I was able to attend at the Southeast-

ern Harp Weekend, thanks to the generosity of the PA State Scholarship Committee in providing me with an Enrichment Grant.

Planning began in May, with online registration for the event. Within several hours, the 170 available participant slots were filled. In July, the workshop offerings were announced and we had big choices to make!

There were a total of 53 ninety-minute workshops offered, approximately seven in each of eight time slots over the two-day weekend. Then there were the all-day add-ons available on Thursday, Monday, or Tuesday. My travelling friend and I were lucky enough to be able to register for Kim Robertson's Monday workshop on The Meditative Harp.

Finally the travel day, October 23, arrived. We left after breakfast from our hotel in Washington, PA, and headed to Lutheridge Camp and Conference Center, just

south of Asheville, NC. The weather was fabulous and the scenery breathtaking, as we drove through West

Virginia, Virginia, a bit of Tennessee, and on into North Carolina. Arriving at the camp, we picked up our registration packets and found our lodging on the grounds. Our room was very

pleasant and was large enough to accommodate both of our harps and all our belongings. After a dinner off campus, we began our weekend with a concert provided by four of the workshop presenters.

Saturday, October 24, began with an early breakfast at the camp dining hall and then we were off to our chosen workshops and an opportunity to shop at the vendor hall. What wonderful choices there were for harp enthusiasts: music books, attire, and harps, harps, harps for sale! The workshop mentioned at the beginning of this article, entitled Lush Hymns, was presented by harpist Ray Pool during the final time slot of the day. It surely was one of the most popular of the weekend in terms of attendance! Yet another

wonderful concert was provided by additional presenters at a local church to conclude the evening.

Sunday brought us four more opportunities for work-

shops. I was certainly glad to be using my new (very light weight) carbon-fiber harp, as each of my choices was located in a different building! The conference provided harp taxis (golf carts) and harp sherpas (mostly husbands of participants) to get folks between buildings and up or down stairs, if needed. With my new harp, I was able to get everywhere I needed to go without assistance.

The final day, Monday, October 26, was an all-day experience with master harpist Kim Robertson. What a wonderful end to a fantastic weekend! We practiced what Kim calls "Musical Sandwiches", improvisation in various

modes, and some chant-like musical

selections. Meanwhile, behind Kim, the windows showed a hillside brilliant. Thank you so much, Scholarship Committee! My experiences were priceless!

Recycle. Relove. Reinvent.

by Allison Sayers, Psi

My 2015 Enrichment Grant gave me the opportunity to continue my passion for giving new life to old furniture. With this grant, I was able to attend two amazing trainings with two equally amazing paint products, learning new techniques, and creating advanced workshops for my painting students. I spent three days near Toronto creating beautiful pieces using Modern Masters Metal Effects paint. Copper, bronze, and rust patinas were used to make newer pieces look old - the opposite of what I usually do. The creations were stunning! I've now used this technique on furniture and other home decor pieces.

I then had the opportunity

to travel to High Point, NC to the Annie Sloan studio for an advanced training.

I've been a stockist for Annie Sloan Chalk Paint® for 2 1/2 years and am certified to teach basic and advanced workshops. During this session, our company's international trainer worked with a small group of stockists from around the U.S. on kitchen cabinet techniques

and use of color in designing furniture for a variety of interior styles.

Teaching my painting students is much like teaching my 3rd graders, it's special to see the smile on their face when they succeed - whether it's with math facts or paint finishes. These training opportunities will help me continue to share my love of painting and saving furniture. I'll be sharing some of my new products at the Central PA Home Show in April and

hope to offer a workshop at convention

some-time in the future. Feel free to ask me paint questions if you see me ...I'll be the one with paint on my elbow.

There is a Saturday morning continental breakfast offered by the NLI for your convenience. The Inn also offers a full breakfast menu in the dining room. Please note that our organization has no control over the amount of wait staff the Inn chooses to employ for Saturday morning to get all guests who choose to dine there in and out in a timely manner.

> Friday night's meal is not planned, but Whiskers (the pub within the hotel) has a menu and the dining room has a full menu. The dining room opens at 5:30 p.m. and takes reservations. If you do not have a reservation prior to convention, you probably will not get seated so please call the hotel dining room in advance. This hint applies to

all establishments in State College.

Friday nights are busy, so please make reservations!

> Chapter presidents make up the Executive Board of the Pennsylvania State Organization and should attend the executive board meeting Friday evening. All members may attend the executive board meeting, and all members should attend the First General Session on Saturday and the Second General Session on Sunday. All members can speak and do have a vote.

> Plan on attending the workshops that are offered Saturday morning and afternoon. Society workshops will take place in the morning – chapters need to have representation at all Society workshops.

> The Celebration of Life ceremony on

Sunday morning is a moving and beautiful tribute as we remember those members who have passed away.

Please plan to attend.

> Don't forget to bring your cameras to take photos of those special convention moments. It is not the job of the state photographer to take chapter photos.

> As a professional courtesy, please remember to silence your cell phones during our sessions and during workshops.

> Finally, evaluations are important. Before leaving on Sunday, please turn in your evaluations or go to the State website and fill it out online. Thank you in advance!

Congratulations, Patricia Brenner of Alpha Beta Chapter! Your article "At My Parents' Knees: A Personal Reflection on Life's Lessons and DKG Values" was selected for inclusion in Volume 82-2 issue of The Collegial Exchange.
