

REPORT OF THE FINANCE COMMITTEE

I. ROLE

The role of the Finance Committee is to develop the annual budget and present it at the state convention in June for the vote of the members present at convention. The Finance Committee also reviews the evaluations of the *Keystonian* Editor, Treasurer and Webmaster to recommend the award of stipends for satisfactory job performance. The state president and the finance chairperson will sign the forms to authorize the payment of these annual stipends. In addition, the Finance Committee has the role of approving any expenditure not previously authorized by the accepted budget to ensure Pennsylvania State Organization's finances remain fiscally sound. The Finance committee works closely with the Treasurer.

II. BIENNIAL GOALS

The committee encourages the participation of all chapters in completing the evaluations of the three paid positions of treasurer, *Keystonian* Editor, and Webmaster. This past year we asked chapter presidents to each review one of these positions. Thirty-nine percent of our chapters sent in reviews. Our goal for the coming year is at least a 50% response. The committee supports the goals of the leadership team and the purposes of the organization. We monitor expenses during the year to support a conservative financial framework. Expenses must be based on income. Income is our dues from the membership. The committee ensures we stay within budget and review expense trends over a period of five years.

III. ACCOMPLISHMENTS RELATED to GOALS

The committee chairs were diligent about monitoring their spending. In fact, several line items ended the year with money left over. We thank all the officers and committee chairs for being conservative in their spending.

The committee contributed to the state Strategic Action Plan with suggestions to chapters aimed at encouraging attendance at state, regional and international conventions. We commend the Convention Committee and the Scholarship Committee for taking on the responsibility of maintaining their own funds and operating successfully within their own budgets. We reviewed the books of the convention committee and commend Barbara Tobias for her efficiency. We suggest that the past presidents review her budget organization to help them set up a structure if the Visionary Fund is renamed the Nancy Grove Visionary Fund.

IV. FOCUS for 2020-21

The Finance Committee will monitor the spending of all budget line items and the impact of any by-law and standing rule changes as they affect the overall budget.

V. RECOMMENDATIONS for ACTION

The Finance Committee will direct all committees to continue to operate within their allotted budgets.
