PRESIDENT MEIER BAUER

A Thank You

Thank you, Teachers...

For caring for your students. Those who are most challenging are the ones who need your support. For trying to reach every student. The challenges they bring to school become your challenges, too. For creating opportunities for all, not just for a few. For the long, long hours you dedicate to students and educational demands.

You make a difference in the world.

Thank you, Chapter Officers and Members...

For caring for your members and the educational concerns in your community. For supporting your active career educators and those seeking to further their educations. For promoting professional and

personal growth of women educators. For accepting responsibility within your chapter for without that your chapter cannot exist.

You make a difference in your chapter and in your community.

You are very much appreciated.

Meier

MEMBERSHIP

By Diana Kirkpatrick, Membership Chair

After Initiation....Keep Your New Members Engaged!

Once the prospect is a newly initiated member, how do we keep her? Whether the new member is extremely shy or very outgoing, our most important responsibility is to make sure she feels **welcomed** at every meeting. One strategy, with a proven record of success in member organizations, includes the assignment of a sponsor or "buddy."

Our brand new members need to start the process of building lifelong friendships from their very first meeting. We need to help them build connections with all the members so they experience the joy of friendship and benefits of membership right away. The assigned sponsor plays a critical role in this process by assisting the new member as she becomes oriented to the chapter and DKG, makes new friends, and learns about the many benefits of membership.

As a sponsor, consider the following tips as you make plans for engaging your new member:

For the first meeting

- + call the new member to be sure she knows the details,
- + offer a ride to the meeting, or
- + plan to meet her outside and walk in together, and
- + introduce her to one or two members.

During the ensuing year, consider the following ways to help your new member become more involved.

Assist her in attending meetings by

- + remind her of meetings and details,
- + introduce her to one or two different members at each meeting, and
- + invite her to join you at events.

Become her first life-long friend and mentor in DKG by

- + offering assistance if she is still working as an educator,
- + reaching out between meetings for a friendly phone conversation, or
- + meet for an impromptu lunch or coffee.

Help her get involved in chapter activities by

- + involving her in introductory chapter responsibilities (give an inspiration moment or serve as hostess for a meeting),
- + exploring with her possible committee options for service, or
- + encouraging her to share her expertise through a chapter program or activity.

Encourage her to enrich her membership experience beyond the chapter by

- + inviting her to attend an community, state, regional or international event,
- + assisting her in logging into the international website to create a member profile and,
- + wherever applicable, assist her in applying for scholarships, grants or leadership training.

Delta Kappa Chapter is indeed a Gold Key chapter.

We regret that this was not acknowledged during the State Convention and appreciate their gracious acceptance of our apology.

Keep up the good work, Delta Kappa!

CHAPTER PLANNING

As chapters begin their planning for the next year, many are concerned that they can be a Gold Key Chapter. The Gold Key points have been refined to reflect the values and efforts of the chapter. Most of them are very familiar but there are some changes and these will be explained at the Leadership Development Sessions.

A Gold Key Planning Sheet is available on the website
alphadeltastate.weebly.com.

Look it over and use it for your chapter planning.

MEMBER AND CHAPTER HIGHLIGHTS

Diane Hahler-Johnson, Delta Lambda Chapter, was appointed to Reach Our Youth of Huron County Board of Trustees. ROY is an arm of Huron County Juvenile Court and is a mentoring group designed to match adults with at-risk children ages 6 - 18.

Beta Iota Chapter, Holmes County, organizes and coordinates Summer Science Camp, a three day opportunity to explore diverse activities taught by volunteers - engineers, professors, teachers, 4-H extension educators, and a certified naturalist and pollinator specialist.

Congratulations to those chapters who were concerned about being able to have a slate of officers for the 2018-2020 biennium.

Congratulations, Ladies, you did it!

ADSOEF Scholarship/Grant Committee Update

In the May issue of *The Voice* members were able to read about and see the photo of the Esther H. Strickland Student Teaching Grant recipients. This grant is awarded to students the semester in which they do their student teaching and are attending a state-funded university or any of that university's branches. These universities are: University of Akron, Bowling Green State University, Central State University, Cleveland State University, Kent State University, Miami University, The Ohio State University, Ohio University, Shawnee State University, University of Toledo and Youngstown State University.

The committee hopes that you, the members, will think of your own relatives that have students in education, friend's children, or former students to apply for this grant. To secure the application just visit the

ADSOEF website and click on forms. You can also access the application on the Alpha Delta State website by going to the ADSOEF link and open the link entitled Educational Opportunities. The application is there; it can be completed online and returned to the ADSOEF Scholarship Committee chairman via email or postal mail by February 1, the year prior to student teaching. It is hoped that these young educators will realize the benefits of our Society and become active members. Our goal is to have many applicants by February 2019.

The A. Margaret Boyd International Study Fund has received five dossiers of Fulbright scholars from the Institute of International Education for consideration. The Committee may award one \$5,000.00 fellowship each year for an International student to come to the United States to do graduate study. The Committee has ranked the five dossiers and given the names to IIE. We hope to have one of these young women as a candidate for our fellowship. The purpose of this fellowship is to promote cultural and educational exchange among women educators worldwide. A fellowship from the A. Margaret Boyd International Study Fund can be awarded to an Alpha Delta State member to study in a foreign country, as well.

LEARN TO USE GOOGLE DRIVE

By Ann Todd, Communications Chair

Google Drive Provides Mobility and Ease of Use

When anyone creates and saves a document on her computer, it is stored on a hard drive. As long as the computer can be accessed, the work is available. What if the work could be accessed from anywhere? Google Drive allows anyone to do just that from anywhere the Internet is available -- even on a mobile phone. Plus, Google Drive is easy to download. Unlike expensive programs such as Word or PowerPoint, the applications in Google Drive are FREE!. In addition, Google Drive provides 15GB of free online storage for documents, photos, drawings, videos, and more.

To sign up:

- go to google.com and click on "Sign in" at the top-right corner of the page.
- An account must be created.
- Once complete, a user will be able to start working by choosing which application she wants: Docs (word processor), Sheets (spreadsheets), and Slides (presentations), and more.
- To use a Google Doc, for instance, a user need only to click on the "blank doc" icon and begin working using features similar to those

in Word.

- All of the work is instantly saved as the user types.

Not only is the work now accessible from anywhere, it can also be shared with others. Members are encouraged to go online and explore the applications in Google Drive.

Ohio has questions about governing documents

Q: [How will attendees at the Austin Convention be able to understand and vote on over 130 amendments to the DKG governing documents?](#)

A: Members need to be prepared and understand the process.

- They must study the amendments and know the impact if an amendment passes so that a vote will be a reasoned vote rather than an emotional reaction.
- They must learn from the information under the number of the amendment in the *DKG News Special Amendment Edition* whether it is a *floor* amendment or a *consent* amendment.

Q: [What is the difference between a floor and a consent amendment?](#)

A: The difference is whether or not the amendment will be open for discussion.

* Floor amendments will be open for full discussion before a vote is taken.

* Consent amendments are grouped amendments that may not require discussion

or that pertain to something as simple as generic editing or recording of unchanged information. This is done to speed the voting process.

- The president will ask if any items on the consent agenda need to be removed for discussion. If no one speaks up, a vote will be taken on the grouped items as a whole.
- If a member of DKG wants an item on the consent agenda to be pulled out and considered individually with a floor discussion, she needs to be ready when the question is asked. She must state the amendment number and whether it is located in the *Constitution* or the *International Standing Rules (ISR)*. Once a vote is taken, an item cannot be considered for discussion.

*****Members*****

Please let your Ohio officers know what is your response to the proposed amendment: The name of the organization shall be changed to "Women Educators International" (DKG) hereinafter referred to as the Society.
