

REPORT OF THE RULES COMMITTEE

I. Role

The role of the Rules Committee is to maintain and manage the By Laws and the Standing Rules of Alpha Alpha State. When Amendments, additions, or other changes are proposed or become necessary, the Rules Committee manages the process and updates the documents.

II. Biennial Goals

The goal for the 2013-15 biennium is to make any revisions for both By Laws and Standing Rules to be in agreement with the 2014 Constitution. In addition, any new proposals that are submitted will require voting at State Convention. The Rules Committee would also like each chapter to look over and update their chapter rules and send them to the Rules Committee.

III. Accomplishments Related To Goals

The Committee has received 27 chapter rules that are updated and in the Alpha Alpha State files. Many more chapters are continuing to work on their rules and will have them done for State Convention or the beginning of the new biennium. A BIG Thank You to your chapters.

The By Laws and Standing Rules are available on the state website. Each chapter's rules are fluid documents which grow and change with the chapter that they govern. No two chapter's rules are alike.

IV. Recommendations

Chapters should still continue to work on updating their chapter rules.
